COMPANY OVERVIEW

BANKS INC is an SBA-certified Service-Disabled Veteran-Owned Small Business and Veteran-Owned Small Business supplying commercial door hardware and facility repair components through Banks Door. We help government buyers and prime contractors move from an exact reference or opening requirement to a complete written quote and supported purchase.

CORE CAPABILITIES

- Commercial locks, cylinders, latches, strikes, and repair components
- Exit devices, trims, electrified strikes, access components, and door controls
- Heavy-duty and electrified hinges, pivots, thresholds, gasketing, sweeps, and seals
- Exact-product identification from part numbers, labels, photos, dimensions, or opening requirements
- Catalog and non-catalog written quotes with item-specific pricing, freight, availability, and delivery details
- Secondary specialty-tool and field-supply sourcing when the opening work requires it

WHY BANKS INC

- SBA-certified SDVOSB and VOSB; SAM active
- Commercial-opening-informed exact product selection
- Direct buyer support from requirement through delivery
- Clear item identity and separately identified substitutions
